

## Envelope Pricing

As of 3/26/2021

I have only taken the lowest prices from each website. You may have discount savings programs with any of the vendors listed. These are the most common trusted vendors. Also, if you do not buy online, prices for Office Depot and Staples are the same in store.

\* I do not know the sale ending date for Office Depot, so this item may not be on sale when you go to purchase.

Dollar Tree case is on backorder – and the case seems to be best ordered online.
